Products

PowerPoint® Presentation Products are available as a stand-alone CD or in a convenient notebook with a printout of the notes pages for easy reference.

Teens & Sex: What are the Effects (CD). This younger-teen friendly program has more than 85 PowerPoint® slides with narrative and references which review human reproductive anatomy, STDs, teen pregnancy, peer pressure, and goal setting. A handout, knowledge assessment test, and speaker evaluation are also provided. This presentation strives to empower teens to choose abstinence as the healthiest alternative concerning sexual issues.

What Adults Need to Know About Teens & Sex (CD). This collection of over 100 PowerPoint® slides with narrative and references addresses the medical, legal, and socioeconomic consequences of teens having sex. This program, including photos of STDs, can be specifically tailored for specific audiences: healthcare professionals, parents, teachers, young adults, or community organizations.

Teens, Sex & the Law (CD). Comprised of over 60 PowerPoint® adult and teen-directed slides with narrative and references, this powerful program covers family and criminal law, sexual abuse, date rape, and date rape drugs. A knowledge assessment test, student handout, and speaker evaluation are included. National and state of Texas specific editions are available.

Contraception & Teens: Providing the FACTS (CD). Comprised of over 80 PowerPoint® adult and teen-directed slides with narrative and references, this program details all the medical facts regarding all methods of birth control and explains why abstinence from sexual activity is the healthiest choice for adolescents. This presentation is a wonderful supplement to the high school curriculum.

STDs: Facts You Need to Know (CD). Comprised of over 200 PowerPoint® slides with narrative and references, this program covers the incidence/prevalence, medical consequences, routes of transmission, and the treatability of the major sexually transmitted diseases (STDs). This CD presentation works well with the high school curriculum.

Decisions (CD). This PowerPoint® slide presentation, geared more for older adolescents, discusses the importance of the decisions teens make, especially those relating to sexual situations. The benefits of abstinence are presented in a positive approach to a healthy and successful future.

The Reality of Teens & Sex (VHS or DVD). 1-hour program produced and aired by KNCT / PBS and hosted by Patricia Sulak, M.D. features ½ hour presentation on the ramifications of adolescent sexual activity followed by ½ hour of questions and answers with the audience.

Sex Education Curriculum (6th, 7th, 8th Grade & High School). Each level reviews the medical, legal, and socioeconomic facts concerning teen sexual activity. During the 2-3 week unit, teens are empowered to remain abstinent using a number of character building activities and inclusion of parental interaction take-home pages. Teachers will appreciate the easy to use format, the variety of student-friendly lessons reaching all learning styles and the inclusion of supporting videos on DVD in 7th, 8th & HS levels.

Parenting Tips Brochure – “10 Tips on Raising Health, Successful Children: Discussing Sex & Other Risky Behaviors”. This full-color tri-fold brochure presents tips to help kids make healthy life decisions. Space is provided on the center back panel for you to personalize the brochure as being provided by your organization.
